Essential question	What is the difference between tattling and reporting?
Standards	Reporting Is Not Tattling -> A.4 Alaska Content Standards: Skills for a Healthy Life / A student should be able to acquire a core knowledge related to well-being — recognize patterns of abuse directed at self or others and understand how to break these patterns. Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.

Support area	This week's plan
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

Product: child sorts scenarios into tattling and reporting.

Family communication

Talk about when your child should always tell an adult.

Day 41 — Getting Someone Into Trouble

Week 9, Day 1 · Unit 3 · Standards: A.4, C.4

Focus	Defining tattling.
Learning target	"I can tell the difference between tattling and reporting."
Vocabulary in use	tattling, reporting, harm
Local date	_____

Learning sequence

Connect: telling. Teach: tattling aims to get someone in trouble. Practise: examples. Apply: identifying. Reflect: term defined.

Check for understanding

Student explains what tattling means.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Alaska Department of Education and Early Development. Alaska Content Standards: Skills for a Healthy Life. THIS DOCUMENT IS TWO PAGES LONG AND HAS NO GRADE SPECIFICITY WHATSOEVER. "Alaska Content Standards: Skills for a Healthy Life" publishes FOUR CONTENT STANDARDS, A to D, with TWENTY-SIX SUB-POINTS between them, and THE SAME TWENTY-SIX APPLY FROM KINDERGARTEN THROUGH GRADE TWELVE. There is no Grade 1 version to align to. EVERY ALASKA HEALTH ROW IN THIS SERIES CARRIES THE IDENTICAL TWENTY-SIX ITEMS, so do not buy two of them expecting different standards; WHAT DIFFERS BETWEEN THE GRADES IS THE PLAN, NOT THE STANDARD. ONE SUB-POINT NEEDS SAYING OUT LOUD BEFORE PURCHASE: A.7 is "understand the physical and behavioral characteristics of human sexual development and maturity". It is a K-12 standard and is registered because it is in the document, but AT GRADE 1 THIS PLAN TEACHES NOTHING BEYOND NAMING BODY PARTS, PERSONAL BOUNDARIES AND WHO A CHILD CAN TELL. NO LESSON IN THIS PRODUCT TEACHES SEXUAL CONTENT, and any instruction in this area is governed by your district's own policy and parental-notification requirements, which take precedence over anything written here. NOTHING IN THIS PRODUCT IS MEDICAL ADVICE. A.4 concerns recognising patterns of abuse; it is taught as who to tell and that it is never the child's fault, no child is asked about their own home, and disclosures follow your district's safeguarding process. THE MAPPING IS HAND-WRITTEN, SUB-POINT BY SUB-POINT. Retrieved 2026-07-27 from <https://education.alaska.gov/akstandards/Skills-for-Healthy-Life.pdf>
