Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.

Support area	This week's plan
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

Observation: child suggests artistic uses for a found object.

Family communication

Ask your child what a clean container could become in art.

Day 41 — Things We Usually Throw Away

Week 9, Day 1 · Unit 3 · Standards: VA:CR2c-2

Focus	Sourcing.
Learning target	"I can see what a found object could become."
Vocabulary in use	found, recycled, reuse
Local date	_____

Learning sequence

Connect: materials. Teach: what our school discards. Try: examining safe clean items. Apply: children sort. Reflect: collection started.

Check for understanding

Student identifies a found object suitable for art.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Source citation

Alaska Department of Education and Early Development. Alaska Arts Standards. Adopted 2015. THE DOCUMENT IS A WIDE TWELVE-COLUMN GRID whose column headers are grade BANDS but whose codes underneath are PER GRADE -- VA:CR1a-K, then -1, -2 and so on -- so GRADE 2 IS INDIVIDUALLY ADDRESSED and every statement here comes from the Grade 2 column of the actual table cells. Each code must end "-2" and that is asserted at extraction time. On the Connect pages Alaska prints an ALASKA CULTURAL STANDARDS CROSS-REFERENCE in the row directly beneath the code and the arts statement comes after it; the statement is identified by its lettered marker so that text from a different document cannot land under an arts code. NO ARTIST, ARTWORK, COMPOSER, SONG, PLAY, CHOREOGRAPHER OR CULTURE IS NAMED BY THESE STANDARDS AND NONE IS NAMED IN THIS PLAN. ALASKA PUBLISHES FIVE ARTS DISCIPLINES IN THIS ONE DOCUMENT -- Dance, General Music, Theatre, Visual Arts and Media Arts -- and MEDIA ARTS IS NOT COVERED BY ANY ROW IN THIS SERIES. ON THE MAPPING, PLAINLY: THE ARTS ANCHOR STANDARDS DO NOT LINE UP ONE-TO-ONE WITH A WEEK-BY-WEEK TEACHING VOCABULARY, so codes are distributed evenly across the strands rather than by a bespoke correspondence. Every code is taught and every strand carries at least one, but the correspondence is mechanical and this listing says so rather than implying care that was not taken. THIS ROW IS THE VISUAL ARTS DISCIPLINE. Retrieved 2026-07-27 from <https://education.alaska.gov/akstandards/Arts.pdf>
