
Alaska 5 Physical Education

FREE PREVIEW

Full-Year Teacher Planner, Blank Editable Planner & School-Submission Binder

This preview shows the real structure and a genuine sample of the completed planner. The full product contains 9 units, 36 weekly plans and 180 daily plans, plus blank editable versions of every form.

State	Alaska
Grade	5 (Elementary)
Subject	Physical Education
Course category	Required / State or Local
Standards family	Physical Education
Framework	Alaska Physical Education Standards
Issuing agency	Alaska Department of Education and Early Development
Scope	36 instructional weeks · 180 instructional days · 9 units

This is a statewide standards index, not a local course catalog. Course names, grade placement, electives, and graduation sequences vary by district.

What you get

Folder	Contents
01 START HERE	Read-me, contents, printing and digital instructions, standards verification guide, this preview
02 FILLED FULL YEAR	Completed planner in colour and ink-friendly PDF, plus editable DOCX
03 BLANK EDITABLE	Blank planner in colour, ink-friendly and fillable PDF, plus editable DOCX
04 ASSESSMENTS AND DATA	Baseline observation, quarterly rubrics, anecdotal forms, portfolio checklist
05 SCHOOL SUBMISSION	Submission covers, alignment summary, evidence checklist, observation, reflection, signature page
06 LICENSE AND CREDITS	Terms of use, credits and licences, copyright notice

The pages that follow are reproduced **exactly** as they appear in the full completed planner.

Week 9 — Throwing in Dynamic Environments

Unit 3: Throwing and Catching Under Pressure · Month 3 · Quarter 1 · Semester 1 · Instructional Days 41–45

Essential question	How do you hit a target that will not stay still?
Standards	Throwing in Dynamic Environments -> A.3-5.10 Alaska Physical Education Standards / Standard A - motor and movement skills — Throw overhand a ball to a target with force and accuracy. A.3-5.11 Alaska Physical Education Standards / Standard A - motor and movement skills — Throw and catch an object with a partner while both partners are moving.
Learning target	"I can throw underhand and overhand with correct form when things are moving."
Local dates	_____ (enter your school dates)

Measurable objectives

- Students will throw underhand and overhand using correct form in dynamic environments.
- Students will lead a moving receiver.

Success criteria (student-friendly)

- "I use correct form for both throws."
- "I hit a still target."
- "I lead a moving receiver."

Academic vocabulary

underhand, overhand, dynamic, lead, follow-through

Materials and technology

- Assorted balls of different size and weight
- Targets or markers
- Hoops
- Buckets or bins
- Class devices for records

Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.

Support area	This week's plan
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

Both throws performed with correct form to a moving receiver.

Family communication

Ask your child what a dynamic environment means.

Day 41 — Underhand and Overhand Form

Week 9, Day 1 · Unit 3 · Standards: A.3-5.10, A.3-5.11

Focus	Form first.
Learning target	"I can throw underhand and overhand with correct form when things are moving."
Vocabulary in use	underhand, overhand, dynamic
Local date	_____

Learning sequence

Connect: Grade 4's throwing. Teach: the form for each throw - stance, opposition, release point, follow-through - and when each is the right choice. Try: shared practice at a still target. Apply: pupils throw both ways. Reflect: adaptation named - a lighter or larger ball, a shorter distance, or a rolled delivery.

Check for understanding

Student throws underhand and overhand with correct form.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 42 — What Makes an Environment Dynamic

Week 9, Day 2 · Unit 3 · Standards: A.3-5.10, A.3-5.11

Focus	The concept.
Learning target	"I can throw underhand and overhand with correct form when things are moving."
Vocabulary in use	underhand, overhand, dynamic
Local date	_____

Learning sequence

Connect: still targets. Teach: dynamic means the target, the receiver, a defender or you are moving - the standard's new demand for this grade. Try: shared discussion and demonstration. Apply: pupils identify what is moving in three tasks. Reflect: this word governs Units 3 to 6.

Check for understanding

Student explains what makes a throwing task dynamic.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 43 — Throwing While Moving

Week 9, Day 3 · Unit 3 · Standards: A.3-5.10, A.3-5.11

Focus	The thrower moves.
Learning target	"I can throw underhand and overhand with correct form when things are moving."
Vocabulary in use	underhand, overhand, dynamic
Local date	_____

Learning sequence

Connect: dynamic. Teach: keeping form while jogging or after a stop, and why form breaks first in the feet. Try: shared practice. Apply: pupils throw on the move. Reflect: form is still the assessable part.

Check for understanding

Student keeps correct throwing form while moving.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 44 — Leading a Moving Receiver

Week 9, Day 4 · Unit 3 · Standards: A.3-5.10, A.3-5.11

Focus	The receiver moves.
Learning target	"I can throw underhand and overhand with correct form when things are moving."
Vocabulary in use	underhand, overhand, dynamic
Local date	_____

Learning sequence

Connect: throwing on the move. Teach: throwing to where a partner WILL be rather than where they are. Try: shared practice with a jogging partner. Apply: pupils lead a receiver. Reflect: this is the skill that makes a pass work in any game.

Check for understanding

Student throws ahead of a moving receiver.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 45 — Throwing Under Light Pressure

Week 9, Day 5 · Unit 3 · Standards: A.3-5.10, A.3-5.11

Focus	Standard A.3-5.10, A.3-5.11 assessed.
Learning target	"I can throw underhand and overhand with correct form when things are moving."
Vocabulary in use	underhand, overhand, dynamic
Local date	_____

Learning sequence

Connect: the week. Teach: both throws in a small-group task with movement and a passive defender. Try: shared task. Apply: pupils perform. Reflect: standard A.3-5.10, A.3-5.11 recorded; no elimination and no public scoring.

Check for understanding

Student throws with correct form in a dynamic task.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Important before you buy

- This is a **digital download**. Nothing is shipped.
- The planner is **calendar-neutral**: Month 1–9, Week 1–36, Day 1–180, so it fits any school calendar. You add your own dates.
- Standards were transcribed from the official source.
- Not affiliated with or endorsed by Alaska Department of Education and Early Development, any district, school, assessment provider or Teachers Pay Teachers.
- No approval, compliance, rating or evaluation outcome is guaranteed.

This is a statewide standards index, not a local course catalog. Course names, grade placement, electives, and graduation sequences vary by district.

Source citation

Alaska Department of Education and Early Development. Alaska Physical Education Standards. ALASKA DOES NOT PUBLISH ITS PHYSICAL EDUCATION STANDARDS AS A DOCUMENT AT ALL -- they are published as text on the department's own page, which is the source this entry is transcribed from. SIX STANDARDS, A TO F, APPLY TO EVERY GRADE, with GRADE-BAND OBJECTIVES for K-2, 3-5, 6-8 and 9-12 beneath them. THIS ENTRY REGISTERS THE GRADES 3-5 OBJECTIVES, WHICH A GRADE 5 CLASS SHARES WITH Grades 3 and 4 -- Alaska publishes no Grade 5 objectives of its own, so those rows carry the same set. The bands are printed one after another on the same page, so the band was bounded structurally at the point where the next band restarts at Standard A. NOTHING IN THIS PRODUCT IS MEDICAL ADVICE OR A FITNESS PRESCRIPTION. No child's body, weight, fitness score or physical ability is measured, recorded, displayed or compared, no fitness test is administered, and every activity has a route a child with a disability or an injury can take. ON THE MAPPING: every objective is placed on a teaching strand under ITS OWN STANDARD -- a Standard A motor objective only ever lands on a motor strand -- but the order within a standard follows the document rather than a bespoke choice.
