Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.

Support area	This week's plan
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

A strategy chosen and applied to an unknown word.

Family communication

Ask your child how they work out a new word.

Day 41 — The Strategies We Have

Week 9, Day 1 • Unit 3 • Standards: 5.L.1, 5.L.5

Focus	Surveying strategies.
Learning target	"I can choose a strategy to work out an unknown word."
Vocabulary in use	strategy, context clue, multiple-meaning
Local date	_____

Learning sequence

Connect: word parts from Unit 1. Teach: context, word parts, a dictionary, or asking - four routes, and the standard says CHOOSING FLEXIBLY FROM A RANGE. Try: shared listing. Apply: pupils name them. Reflect: YEAR-LONG SKILL context clues (context clues) taught here where it belongs.

Check for understanding

Student names several strategies for an unknown word.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 42 — Reading Around the Word

Week 9, Day 2 • Unit 3 • Standards: 5.L.1, 5.L.5

Focus	Context clues.
Learning target	"I can choose a strategy to work out an unknown word."

Arizona Department of Education. Arizona English Language Arts Standards. Transcribed verbatim from the Arizona Department of Education standards document on 2026-08-03. 44 standards transcribed for this row. ARIZONA MARKS SOME STANDARDS WITH AN ASTERISK; that asterisk flags a cluster reported on the state assessment and IS NOT PART OF THE IDENTIFIER, so it is not printed here. THE STRAND-TO-CODE MAPPING IS MIXED. SOME teaching strands name their own domain and carry a code from THAT domain; the rest name no domain the framework recognises and take a code from the general pool. Order within a domain is mechanical. NO CODE HERE WAS INFERRED, COMPLETED OR CORRECTED -- what Arizona prints is what appears.
