Week 9 — Finishing for a Purpose

Unit 3: Finishing and Programming · Month 3 · Quarter 1 · Semester 1 · Instructional Days 41–45

Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.

Support area	This week's plan
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

A final version presented with its stated purpose.

Family communication

Ask your child what purpose their finished piece is for.

Day 41 — A Purpose Changes the Piece

Week 9, Day 1 • Unit 3 • Standards: MU:8.Cn10.a

Focus	Purpose first.
Learning target	"I can produce a final version and say what purpose it is for."
Vocabulary in use	final version, purpose, audience
Local date	_____

Learning sequence

Connect: refinement. Teach: the purpose - background, opening, accompaniment to something else, a piece to be listened to closely - changes length, dynamics and complexity. Try: shared consideration of one piece for two purposes. Apply: students state the purpose of theirs. Reflect: a purpose named late is a purpose invented to fit.

Check for understanding

Student states a specific purpose for their piece.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 42 — Fitting the Version to the Purpose

Week 9, Day 2 • Unit 3 • Standards: MU:8.Cn10.a

Focus	Adjustment.
Learning target	"I can produce a final version and say what purpose it is for."
Vocabulary in use	final version, purpose, audience
Local date	_____

Learning sequence

Connect: purpose. Teach: adjusting the final version to the purpose rather than presenting the same version to everybody - trimming for background, strengthening an opening, simplifying for performers who will read it once. Try: shared adjustment of an example. Apply: students adjust theirs. Reflect: the same material, presented differently, is still the same creation.

Check for understanding

Student adjusts a piece to suit its stated purpose.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.

Day 43 — Finished or Abandoned

Week 9, Day 3 · Unit 3 · Standards: MU:8.Cn10.a

Focus	The distinction.
Learning target	"I can produce a final version and say what purpose it is for."
Vocabulary in use	final version, purpose, audience
Local date	_____

Learning sequence

Connect: adjustment. Teach: telling finished from abandoned - finished means it meets the criteria and the purpose, abandoned means you stopped - and that both happen but only one is presented as final. Try: shared judgement against criteria. Apply: students judge their own honestly. Reflect: an abandoned piece can be returned to; nothing is lost by saying so.

Check for understanding

Student judges whether a piece is finished against criteria and purpose.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Day 44 — What Goes With the Music

Week 9, Day 4 · Unit 3 · Standards: MU:8.Cn10.a

Focus	Presentation materials.
Learning target	"I can produce a final version and say what purpose it is for."
Vocabulary in use	final version, purpose, audience
Local date	_____

Learning sequence

Connect: finish. Teach: what accompanies a final version - a title, the forces required, the purpose, and any performance direction a reader would need - which is the same job a programme note does. Try: shared drafting. Apply: students write theirs. Reflect: this returns in Unit 3's programming and in Unit 9.

Check for understanding

Student writes the accompanying information for a final version.

Differentiation in the moment

needs more support	Model the step again with guided support, then fade to a gesture cue.

Day 45 — The Final Version Presented

Week 9, Day 5 • Unit 3 • Standards: MU:8.Cn10.a

Focus	MU:8.Cn10.a assessed.
Learning target	"I can produce a final version and say what purpose it is for."
Vocabulary in use	final version, purpose, audience
Local date	_____

Learning sequence

Connect: the materials. Teach: presenting the final version in whatever form the student has agreed to - played live, recorded, or read from the documentation by others. Try: shared presentation. Apply: students present. **NO STUDENT PERFORMS ALONE IN FRONT OF THE CLASS.** Reflect: this week's standard assessed on the version and its purpose.

Check for understanding

Student presents a final version with its stated purpose.

Differentiation in the moment

ARIZONA MARKS SOME STANDARDS WITH AN ASTERISK; that asterisk flags a cluster reported on the state assessment and IS NOT PART OF THE IDENTIFIER, so it is not printed here. THE STRAND-TO-CODE MAPPING IS MIXED. SOME teaching strands name their own domain and carry a code from THAT domain; the rest name no domain the framework recognises and take a code from the general pool. Order within a domain is mechanical. NO CODE HERE WAS INFERRED, COMPLETED OR CORRECTED -- what Arizona prints is what appears.
