Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.

Support area	This week's plan
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Arizona Department of Education. Arizona Early Learning Standards (3rd Edition). Transcribed verbatim from the Arizona Department of Education standards document on 2026-08-03. 21 standards transcribed for this row. ARIZONA MARKS SOME STANDARDS WITH AN ASTERISK; that asterisk flags a cluster reported on the state assessment and IS NOT PART OF THE IDENTIFIER, so it is not printed here. THE STRAND-TO-CODE MAPPING IS MECHANICAL. The framework groups do not correspond to this plan's teaching strands, so the codes are spread evenly across them. The claim is only that the strand teaches these standards -- no finer correspondence is asserted. NO CODE HERE WAS INFERRED, COMPLETED OR CORRECTED -- what Arizona prints is what appears.
