Week 9 — Moving From a Stimulus

Unit 3: Moving From a Stimulus · Month 3 · Quarter 1 · Semester 1 · Instructional Days 41–45

Essential question	What made me move that way?
Standards	Moving From a Stimulus and Naming It -> ARM 10.53.603(5)(a) Montana Arts Content Standards / dance — experiment with movement inspired by a variety of sounds
Learning target	"I can move from a stimulus and say what it was."
Local dates	_____ (enter your school dates)

Measurable objectives

- Students will demonstrate movements inspired by different stimuli and identify their sources.
- Students will name the stimulus that prompted their movement.

Success criteria (student-friendly)

Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.

Support area	This week's plan
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

Anecdotal: child names the source of their movement response.

Family communication

Move to a sound and say what you were responding to.

Day 41 — Moving to a Sound

Week 9, Day 1 • Unit 3 • Standards: ARM 10.53.603(5)(a)

Focus	Sound stimulus.
Learning target	"I can move from a stimulus and say what it was."
Vocabulary in use	stimulus, source, inspire
Local date	_____

Learning sequence

Warm-up: listening. Teach: sound prompts movement. Explore: responding. Share: responses shown. Reflect: source named.

Check for understanding

Student moves in response to a sound and names it.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Source citation

Montana Office of Public Instruction. Montana Content Standards for Arts (2016), codified at ARM 10.53 subchapter 6. Statements are transcribed from MONTANA CONTENT STANDARDS FOR ARTS, GRADE-BY-GRADE VIEW, whose own cover reads "Adopted July 14, 2016 by the Montana Board of Public Education". THAT DOCUMENT PRINTS NO CODES. Each grade is a set of discipline stems -- media arts, visual arts, theatre, music, dance -- each followed by a numbered list, and THE NUMBERING RESTARTS AT 1 IN EVERY DISCIPLINE, so a bare number identifies nothing on its own. The same standards are codified in the ADMINISTRATIVE RULES OF MONTANA, CHAPTER 10.53 SUBCHAPTER 6, one rule per grade, and the rule's structure is exactly the document's: a numbered subsection per discipline and a lettered item per numbered line. THE ARM SUBSECTION IS REGISTERED AS THE CODE. It is an existing official citation rather than an invented identifier, and it is what a Montana reviewer can look up; the alternative was to ship arts products carrying no codes at all. THE RULE'S SUBSECTION ORDER IS NOT ALPHABETICAL AND NOT THE ORDER A READER WOULD GUESS -- (1) media arts, (2) visual arts, (3) theatre, (4) music, (5) dance -- so each discipline is matched to its subsection BY NAME rather than by its position in the PDF; a change of print order between grades would otherwise shift every code by a subsection with nothing to show for it. The document calls theatre "theatre arts" in some places and "theatre" in others and both resolve to subsection 3. Each discipline runs as a single sentence whose items close with semicolons, "; and" before the last and a full stop at the end; that punctuation joins the list rather than belonging to the standard and is removed. The grade's running head repeats at page breaks and lands inside the list, and is discarded. THIS ENTRY COVERS TWO DISCIPLINES because the product does: theatre is ARM 10.53.603 SUBSECTION (3) and dance is SUBSECTION (5), and all eleven standards of each are registered, twenty-two in all. Visual arts, subsection (2), and music, subsection (4), are aligned on their own products, and media arts, subsection (1), is claimed by no row. THE CODE FORM ON THIS ROW NEEDS EXPLAINING. The OPI arts document PRINTS NO CODES: each grade is a set of discipline stems followed by a numbered list, and THE NUMBERING RESTARTS AT 1 IN EVERY

DISCIPLINE, so "3" on its own identifies nothing. The same standards are codified in the ADMINISTRATIVE RULES OF MONTANA, chapter 10.53 subchapter 6, one rule per grade, and GRADE 1 IS RULE 10.53.603, whose structure is exactly the document's: a numbered subsection per discipline and a lettered item per numbered line. THE ARM SUBSECTION IS REGISTERED AS THE CODE -- an existing official citation rather than an invented identifier, and the only citation a Montana reviewer can look up, since the alternative was to ship arts products with no codes at all. THE RULE NUMBER WAS CONFIRMED AGAINST THE REGISTER rather than counted on from kindergarten: rules.mt.gov returns 10.53.603 titled "ARTS CONTENT STANDARDS FOR FIRST GRADE", and its first subsection reads "The media arts content standards for first grade", so the subsection order is the same as kindergarten's and was checked rather than assumed. THAT ORDER IS NOT ALPHABETICAL AND IS NOT THE ORDER A READER WOULD GUESS: (1) media arts, (2) visual arts, (3) theatre, (4) music, (5) dance. Each discipline is matched to its subsection BY NAME rather than by its position in the PDF, so a change of print order between grades cannot silently shift every code by one subsection; the document names theatre "theatre arts" in some places and "theatre" in others, and both resolve to subsection 3. Grade 1 carries ELEVEN STANDARDS IN EVERY ONE of the five disciplines, fifty-five in all, and that count is checked against the rule. The source runs each discipline as a single sentence, every item closing with a semicolon, the last but one with "; and" and the last with a full stop; that punctuation joins the list rather than belonging to the standard and is removed. MEDIA ARTS, SUBSECTION (1), IS NOT REGISTERED ON ANY MONTANA GRADE 1 ROW: no row in this series teaches a media arts year at grade 1, and claiming its standards on an adjacent product would overstate what that product covers.
