Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.

Support area	This week's plan
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Oklahoma State Department of Education. Oklahoma Academic Standards for World Languages (2022). Oklahoma keys world languages on ACTFL PROFICIENCY, not on grade, and defines the sublevel abbreviations itself - Novice Low (NL) through Advanced Mid (AM). Goal 1 (Communication) is written on that ladder; Goals 2-5 (Culture, Connections, Comparisons, Communities) are not ladderized and apply at every level, so they are cited alongside the level. The document prints "can-do" statements without citation numbers, so the sequence number in each code is added by this product; the proficiency level is Oklahoma's own.
