Week 9 — Restating What You Heard and Saw

Unit 3: Interpreting Real Material • Month 3 • Quarter 1 • Semester 1 • Instructional Days 41–45

Essential question	Can you say back what a recording actually said?
Standards	Communication / Interpretive Mode (1) -> WL.NH.IL/IC/IR Novice High — (Listening/Comprehension/ Reading): Learners can identify the topic and understand some isolated facts and information from spoken, written, or signed texts about a limited range of familiar topics in everyday contexts. Communication / Interpretive Mode (2) -> WL.NM.IL/IC/IR Novice Mid — (Listening/Comprehension/ Reading): Learners can identify and understand some basic information from spoken, written, or signed texts about a limited range of familiar topics in everyday contexts.
Learning target	"I can restate information from an audio or visual document in the target language."
Local dates	_____ (enter your school dates)

Measurable objectives

- Students will interpret what is heard, read or viewed on familiar topics using the past tense.
- Students will restate information from audio and visual documents in the target language.

Success criteria (student-friendly)

- "I restate rather than translate."
- "My restatement is accurate to the source."
- "I use the target language throughout."

Academic vocabulary

interpret, restate, audio document, visual document, gist, detail, accuracy, paraphrase

Materials and technology

- Material the school may lawfully use
- Notebooks
- Paper and pencil

Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.

Support area	This week's plan
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

Information from a document restated accurately in the target language.

Family communication

Ask your child what a recording in the language was about.

Day 41 — Interpretive Means More at Level II

Week 9, Day 1 • Unit 3 • Standards: WL.NH.IL/IC/IR, WL.NM.IL/IC/IR

Focus	The change.
Learning target	"I can restate information from an audio or visual document in the target language."
Vocabulary in use	interpret, restate, audio document, visual document, gist, detail, accuracy, paraphrase

Learning sequence

TEACHER NOTE GOVERNING THIS UNIT AND UNIT 6. NO COPYRIGHTED TEXT, RECORDING, VIDEO OR IMAGE IS REPRODUCED IN THIS PRODUCT, AND NO SOURCE, SERVICE, PLATFORM OR PUBLICATION IS NAMED. Authentic material comes from what YOUR SCHOOL MAY LAWFULLY USE - openly licensed and public domain material, material published for educational use, and anything your own licences cover - and what a licence permits is a question for your school and district, on which this plan gives no advice. WHERE A SCHOOL HAS NO AUDIO OR VIDEO PROVISION, THE TEACHER READING A TEXT ALOUD IS AN AUDIO DOCUMENT AND MEETS THE STANDARD IDENTICALLY. Connect: Unit 2. Try: shared reading of the three sub-standards. Apply: students note which they expect to find hardest. Reflect: three operations, three weeks.

Check for understanding

Student distinguishes the three interpretive sub-standards.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 42 — Listening for What Was Actually Said

Week 9, Day 2 · Unit 3 · Standards: WL.NH.IL/IC/IR, WL.NM.IL/IC/IR

Focus	Accuracy.
Learning target	"I can restate information from an audio or visual document in the target language."
Vocabulary in use	interpret, restate, audio document, visual document, gist, detail, accuracy, paraphrase

Learning sequence

Connect: the operations. Teach: the discipline of hearing what a document says rather than what you expect - the commonest interpretive error at this level is filling a gap with a plausible guess and then reporting it as heard - and marking uncertainty. SELECTION CRITERION: a short document on a familiar topic, in the past time frame, from material your school may lawfully use. Try: shared listening with uncertainty marked. Apply: students note what they heard and what they guessed, separately. Reflect: separating heard from guessed is the whole skill.

Check for understanding

Student separates what was heard from what was inferred.

Day 43 — Restating, Not Translating

Week 9, Day 3 · Unit 3 · Standards: WL.NH.IL/IC/IR, WL.NM.IL/IC/IR

Focus	WL.NH.IL/IC/IR's own requirement.
Learning target	"I can restate information from an audio or visual document in the target language."
Vocabulary in use	interpret, restate, audio document, visual document, gist, detail, accuracy, paraphrase
Local date	_____

Learning sequence

Connect: accurate listening. IN THE TARGET LANGUAGE, so translation into English does not meet it - restating means saying the content again in the target language, in your own simpler words, which is a genuinely different and more useful skill. Try: shared modelling of a restatement. Apply: students restate a document's content in the target language. Reflect: simpler words, same content, same language.

Check for understanding

Student restates content in the target language.

Differentiation in the moment

Day 44 — Visual Documents

Week 9, Day 4 • Unit 3 • Standards: WL.NH.IL/IC/IR, WL.NM.IL/IC/IR

Focus	The other half of the sub-standard.
Learning target	"I can restate information from an audio or visual document in the target language."
Vocabulary in use	interpret, restate, audio document, visual document, gist, detail, accuracy, paraphrase
Local date	_____

Learning sequence

Connect: audio. Teach: that a VISUAL DOCUMENT carries information in layout, image and text together - a notice, a poster, a schedule, a chart - and that reading one is a distinct skill from reading continuous prose. Try: shared reading of a visual document the school may lawfully use. Apply: students restate a visual document's information. Reflect: the layout is part of the message.

Check for understanding

Student restates information from a visual document.

Day 45 — Restating in the Past

Week 9, Day 5 · Unit 3 · Standards: WL.NH.IL/IC/IR, WL.NM.IL/IC/IR

Focus	The standard's own tense.
Learning target	"I can restate information from an audio or visual document in the target language."
Vocabulary in use	interpret, restate, audio document, visual document, gist, detail, accuracy, paraphrase
Local date	_____

Learning sequence

Connect: restatement. Teach: a restatement of what a document reported is itself in the past time frame - and checking for the drift into the present that Week 7 predicted. Try: shared checking. Apply: students restate a document in the past time frame and self-check. Reflect: the drift is predictable, so check for it.

Check for understanding

Student restates a document in the past time frame.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
