Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.

Support area	This week's plan
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

Sketchbook: three observational sketches with a noted new detail.

Family communication

Ask your child what detail they noticed that they had not before.

Day 41 — Looking Instead of Glancing

Week 9, Day 1 · Unit 3 · Standards: Art 3.2(A)

Focus	Sustained observation.
Learning target	"I can look closely and draw what is really there."
Vocabulary in use	observe, detail, sketch
Local date	_____

Learning sequence

Connect: our making. Teach: looking for longer reveals more. Try: shared timed looking. Apply: children observe. Reflect: patience rewarded.

Check for understanding

Student sustains observation of one object.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 42 — Drawing What Is Really There

Week 9, Day 2 · Unit 3 · Standards: Art 3.2(A)

Focus	Observation over memory.
Learning target	"I can look closely and draw what is really there."

Check for understanding

Student draws from observation rather than memory.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
