Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.

Support area	This week's plan
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

An idea documented so another pupil can reproduce it.

Family communication

Ask your child how they wrote their music down.

Day 41 — Why Write It Down

Week 9, Day 1 · Unit 3 · Standards: 4.M.CO.1

Focus	Purpose of notation.
Learning target	"I can document my musical ideas so someone else could use them."
Vocabulary in use	notation, document, record
Local date	_____

Learning sequence

Connect: ideas we have made and forgotten. Teach: writing it down means it survives and someone else can play it. Try: shared discussion. Apply: pupils explain. Reflect: the practical reason, which motivates the work.

Check for understanding

Student explains why documenting an idea is useful.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 42 — Standard Notation

Week 9, Day 2 · Unit 3 · Standards: 4.M.CO.1

Focus	Conventional notation.
Learning target	"I can document my musical ideas so someone else could use them."
Vocabulary in use	notation, document, record
Local date	_____

Learning sequence

Connect: purpose. Teach: notating pitch and duration on a staff, at the level the class has reached. Try: shared notating. Apply: pupils notate a short idea. Reflect: pupils notate THEIR OWN music; NO PUBLISHED SCORE IS REPRODUCED anywhere in this plan.

Check for understanding

Student notates a short idea in standard notation.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Day 43 — Other Ways to Notate

Week 9, Day 3 · Unit 3 · Standards: 4.M.CO.1

Focus	Alternative systems.
Learning target	"I can document my musical ideas so someone else could use them."
Vocabulary in use	notation, document, record
Local date	_____

Learning sequence

Connect: standard notation. Try: shared trying. Apply: pupils try an alternative. Reflect: 'systems' is plural in the standard, so a pupil not yet fluent on the stave is not blocked.

Check for understanding

Student documents an idea using an alternative notation.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.

Day 44 — Recording It Instead

Week 9, Day 4 · Unit 3 · Standards: 4.M.CO.1

Focus	Technology.
Learning target	"I can document my musical ideas so someone else could use them."
Vocabulary in use	notation, document, record
Local date	_____

Learning sequence

Connect: notation. Try: shared recording. Apply: pupils record an idea. Reflect: NO PUPIL IS RECORDED WITHOUT AGREEMENT, and recordings stay within the class.

Check for understanding

Student documents an idea by recording it.

Week 9, Day 5 · Unit 3 · Standards: 4.M.CO.1

Focus	Testing the documentation.
Learning target	"I can document my musical ideas so someone else could use them."
Vocabulary in use	notation, document, record
Local date	_____

Learning sequence

Connect: our documents. Teach: the real test is whether a classmate can reproduce it. Try: shared swapping. Apply: pupils test each other's. Reflect: the honest test of accuracy, and it is done kindly under the class agreement.

Check for understanding

Student's documentation is successfully followed by a partner.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
