Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.

Support area	This week's plan
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

Constructive, specific feedback given and received.

Family communication

Ask your child what someone suggested about their dance.

Day 41 — Our Rules for Feedback

Week 9, Day 1 • Unit 3 • Standards: DA:Re8.1.4

Focus	Establishing norms.
Learning target	"I can give feedback that helps rather than hurts."
Vocabulary in use	feedback, constructive, specific
Local date	_____

Learning sequence

Connect: watching each other. Teach: comments address the WORK against agreed criteria - never the person, their body, their voice or their ability - and nobody is ranked against a classmate. Try: shared drafting. Apply: pupils commit. Reflect: NORMS SET BEFORE ANY CRITIQUE, enforced by the teacher all year. In a subject where pupils' own bodies and voices are the instrument, this matters more than anywhere else. No work is shown without the maker's agreement.

Check for understanding

Student states a rule for giving feedback.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 42 — Describing What I Saw

Focus	Description.
Learning target	"I can give feedback that helps rather than hurts."
Vocabulary in use	feedback, constructive, specific

Learning sequence

Connect: our rules. Teach: saying what happened before saying what we think. Try: shared practice. Apply: pupils describe. Reflect: description is safe and more useful.

Check for understanding

Student describes what they saw in a peer's work.
