
Vermont K Technology / Computer Science

FREE PREVIEW

Full-Year Teacher Planner, Blank Editable Planner & School-Submission Binder

This preview shows the real structure and a genuine sample of the completed planner. The full product contains 9 units, 36 weekly plans and 180 daily plans, plus blank editable versions of every form.

State	Vermont
Grade	K (Early Childhood)
Subject	Technology / Computer Science
Course category	Technology
Standards family	Science
Framework	Next Generation Science Standards (NGSS) — the standards Vermont uses for this subject under the Education Quality Standards (State Board Rule series 2000)
Issuing agency	Vermont Agency of Education
Scope	36 instructional weeks · 180 instructional days · 9 units

This is a statewide standards index, not a local course catalog. Course names, grade placement, electives, and graduation sequences vary by district.

What you get

Folder	Contents
01 START HERE	Read-me, contents, printing and digital instructions, standards verification guide, this preview
02 FILLED FULL YEAR	Completed planner in colour and ink-friendly PDF, plus editable DOCX
03 BLANK EDITABLE	Blank planner in colour, ink-friendly and fillable PDF, plus editable DOCX
04 ASSESSMENTS AND DATA	Baseline observation, quarterly rubrics, anecdotal forms, portfolio checklist
05 SCHOOL SUBMISSION	Submission covers, alignment summary, evidence checklist, observation, reflection, signature page
06 LICENSE AND CREDITS	Terms of use, credits and licences, copyright notice

The pages that follow are reproduced **exactly** as they appear in the full completed planner.

Week 9 — Ways to Tell a Device What to Do

Unit 3: Meeting Our Devices · Month 3 · Quarter 1 · Semester 1 · Instructional Days 41–45

Essential question	How do I give a device an instruction?
Standards	Using a Mouse, Screen and Keys -> K-ESS3-1 Earth and Human Activity — Use a model to represent the relationship between the needs of different plants or animals (including humans) and the places they live. [Clarification Statement: Examples of relationships could include that deer eat buds and leaves, therefore, they usually live in forested areas; and, grasses need sunlight so they often grow in meadows. Plants, animals, and their surroundings make up a system.]
Learning target	"I can use an input device to make something happen."
Local dates	_____ (enter your school dates)

Measurable objectives

- Students will demonstrate use of input devices.
- Students will use a mouse, touch screen and keyboard to make something happen.

Success criteria (student-friendly)

- "I name the input device."
- "I use it correctly."
- "I make something change on screen."

Academic vocabulary

input, mouse, touch screen, keyboard, click

Materials and technology

- Class devices with mouse
- Touch-screen devices
- Keyboards
- Drawing tool
- Chart paper

Differentiation and supports

Support area	This week's plan
Special education / IEP	Reduce group size; pair visual cue cards with all verbal directions; allow gesture or picture response in place of speech; pre-teach the week's target in a 1:1 warm-up.
Section 504	Provide the child's documented accommodations throughout; permit movement breaks and alternative seating at any point in the sequence.
Multilingual learners	Introduce each vocabulary word with an object or image; accept home-language responses; send the vocabulary list home where a translation is available; pair with a peer who shares the home language.

Support area	This week's plan
Advanced / extension	Ask the learner to teach the skill to a peer, extend the task, or record a demonstration for the class reference wall.
Intervention / reteach	Reteach the target in a short small group using the same materials; split the day's check for understanding into two smaller steps.
Enrichment	Extend into an open-ended centre or project connected to the essential question.

Assessment and evidence

Observation: child uses three different input devices purposefully.

Family communication

Let your child show you how they use a mouse or touch screen.

Day 41 — What Is an Input Device?

Week 9, Day 1 · Unit 3 · Standards: K-ESS3-1

Focus	Defining input.
Learning target	"I can use an input device to make something happen."
Vocabulary in use	input, mouse, touch screen
Local date	_____

Learning sequence

Connect: giving instructions. Teach: input goes in. Try: naming devices. Apply: children identify. Reflect: term charted.

Check for understanding

Student identifies an input device.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 42 — Using a Mouse

Week 9, Day 2 · Unit 3 · Standards: K-ESS3-1

Focus	Mouse skills.
Learning target	"I can use an input device to make something happen."
Vocabulary in use	input, mouse, touch screen
Local date	_____

Learning sequence

Connect: input. Teach: hold, move, click. Try: guided practice. Apply: children click targets. Reflect: control noticed.

Check for understanding

Student moves and clicks a mouse purposefully.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 43 — Using a Touch Screen

Week 9, Day 3 · Unit 3 · Standards: K-ESS3-1

Focus	Touch skills.
Learning target	"I can use an input device to make something happen."
Vocabulary in use	input, mouse, touch screen
Local date	_____

Learning sequence

Connect: mouse. Teach: tap, drag. Try: guided practice. Apply: children manipulate. Reflect: comparison drawn.

Check for understanding

Student taps and drags on a touch screen purposefully.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 44 — Using a Keyboard

Week 9, Day 4 · Unit 3 · Standards: K-ESS3-1

Focus	Keyboard as input.
Learning target	"I can use an input device to make something happen."
Vocabulary in use	input, mouse, touch screen
Local date	_____

Learning sequence

Connect: touch. Teach: keys send letters. Try: typing a letter. Apply: children type. Reflect: third input named.

Check for understanding

Student uses a keyboard to enter a character.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Day 45 — Choosing the Right Input

Week 9, Day 5 · Unit 3 · Standards: K-ESS3-1

Focus	Matching input to task.
Learning target	"I can use an input device to make something happen."
Vocabulary in use	input, mouse, touch screen
Local date	_____

Learning sequence

Connect: three inputs. Teach: some tasks suit some inputs. Try: task matching. Apply: children choose. Reflect: reasoning shared.

Check for understanding

Student chooses an appropriate input device for a task.

Differentiation in the moment

If the learner...	Then...
needs more support	Model the step again with guided support, then fade to a gesture cue.
is ready for more	Invite the learner to demonstrate for a peer or add a second example.
is dysregulated	Pause instruction, move to co-regulation, and return to the target later.

Closure and reflection

Gather the group. Restate the learning target. Ask one learner to demonstrate. Name one specific thing the group did well, then preview tomorrow.

Teacher reflection (fictional example)

Fictional Example — Customize and Verify Before School Submission.

Most learners met the target. Two needed the visual cue repeated during guided practice; I will pre-teach with them tomorrow. The extension held attention longer than planned, so I shortened closure.

Important before you buy

- This is a **digital download**. Nothing is shipped.
- The planner is **calendar-neutral**: Month 1–9, Week 1–36, Day 1–180, so it fits any school calendar. You add your own dates.
- Standards were transcribed from the official source.
- Not affiliated with or endorsed by Vermont Agency of Education, any district, school, assessment provider or Teachers Pay Teachers.
- No approval, compliance, rating or evaluation outcome is guaranteed.

This is a statewide standards index, not a local course catalog. Course names, grade placement, electives, and graduation sequences vary by district.

Terms of Use, Privacy and Copyright

Licence

This resource is licensed for use by **one teacher in one classroom**. You may print and reproduce the pages for your own students. You may not share, sell, sub-licence, post publicly, or upload this file to any website, shared drive or district repository. Additional classroom licences are available at a reduced price.

Copyright

All text, forms and layouts in this resource are original work. Fonts used are the standard PDF base fonts, which carry no redistribution restriction. No competitor product, published curriculum, commercial assessment, answer key, book text, character, logo or agency branding is reproduced. Where standard codes and text appear, they are quoted from a public government document for identification and alignment purposes and remain the property of the issuing agency.

Student privacy

Record learners using **initials or a school-approved identifier only**. Do not record IEP content, Section 504 plans, protected assessment scores, medical information or family information in this planner. Store completed pages securely and follow your programme's privacy requirements and applicable law. **This planner is not a secure student-information system and is not a substitute for official records.**

Accessibility

Pages use a minimum 8-point type size, high-contrast text, wide writing areas, print-safe margins, numbered pages and a bookmarked navigation outline. Colour and ink-friendly versions are supplied, and no information is conveyed by colour alone.
